

SIMPLERIX tax*access

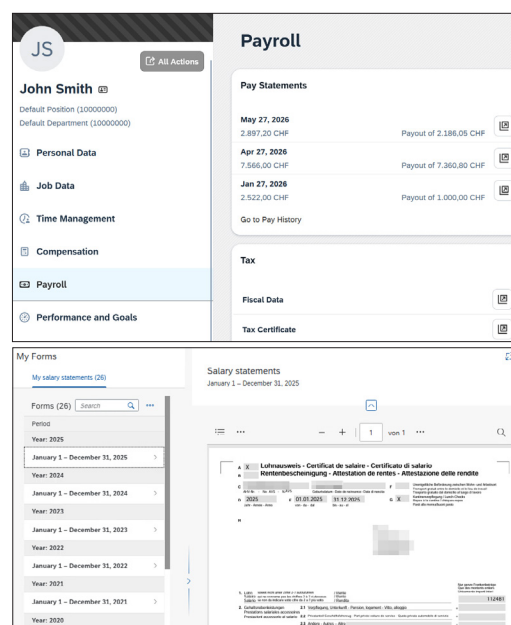

Simply Access Swiss Tax Certificate over SAP SuccessFactors or SAP Fiori

SIMPLERIX tax*access provides employees with a Swiss salary statement directly as a self service in SAP SuccessFactors or SAP Fiori. Companies with SuccessFactors Employee Central Payroll or SAP HCM Payroll completely avoid manual dispatch by post or e-mail.

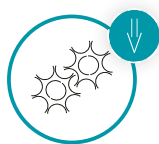

Compared with generic document solutions, SIMPLERIX tax*access specifically targets the Swiss salary statement. This significantly reduces the workload for HR, while employees can access their wage slips quickly and easily at any time. Thanks to minimal implementation effort, the solution is up and running within a few days.

SIMPLERIX tax*access offers you:

- > **Direct access for employees:** Swiss salary statements are comfortably available as a self service at any time, without queries to HR or additional postal processes.
- > **Significantly reduced administrative outlay:** Manual dispatch by post or e-mail is completely eliminated.
- > **Fast and efficient processes:** Salary statements are immediately available and do not need to be distributed or tracked manually.
- > **Specially developed for Switzerland:** The solution is targeted towards the requirements of the Swiss salary statement.
- > **Fast implementation with little effort:** The solution can be used productively within just a few days thanks to minimum implementation effort.

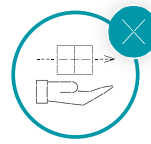

With SIMPLERIX tax*access you gain:

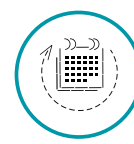

Significantly reduced effort for HR

Immediate access to salary statements for employees

Elimination of manual dispatch processes

Faster and more efficient year-end processes
