

Simply Apply Without Registration in SAP SuccessFactors

You already use Recruiting in SAP SuccessFactors or are just about to implement it? Then SIMPLERIX quick*apply is the right solution for you!

With SIMPLERIX quick*apply you can bring top talents to your company with quick and easy applications without the tedious creation of an account and without password entry.

In addition to an increase in suitable candidates, the great advantage for you lies in the flexible display options in SIMPLERIX quick*apply.

You can integrate SIMPLERIX quick*apply into your SuccessFactors career page however you see fit – either on the application page or directly below the job posting. If you run a stand-alone career page independently of SAP SuccessFactors, SIMPLERIX quick*apply allows you to upload applications directly into your SAP SuccessFactors system.

SIMPLERIX quick*apply offers you:

- > **Simple application** with just one click of the mouse
- > **Seamless integration** into your career page or SAP SuccessFactors career page
- > **User-friendly interface** in your Corporate Design
- > **Mobile applications** via smartphone
- > **Flexibility** in the design of the application form
- > **Automatic filtering** of applications with the help of SAP SuccessFactors pre-screening questions

With SIMPLERIX quick*apply you will gain:

No tedious
password entry

Fewer canceled
applications

Numerous options
for placing

Advancement
of corporate
image

Attractive and
user-friendly
interface
