

# SIMPLERIX video\*apply

## Simply Apply with a Video in SAP SuccessFactors

You already use Recruiting in SAP SuccessFactors or are just about to implement it? Then SIMPLERIX video\*apply is the right solution for you!

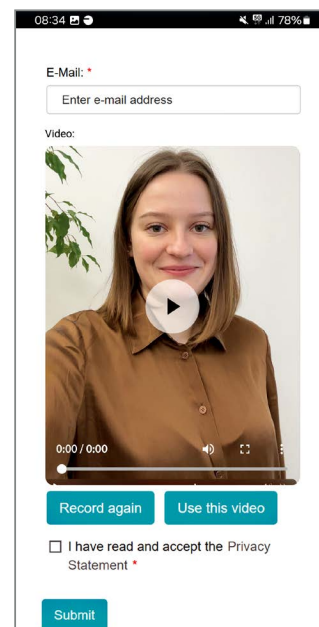

With SIMPLERIX video\*apply, you can elevate your recruiting process to the next level by using innovative video applications to quickly find suitable candidates for your company.

The application allows you to get an authentic first impression of your applicants' personality and motivation before the initial interview, without the tedious creation of an account or password entry. SIMPLERIX video\*apply is seamlessly embedded in your application form, so that candidates can record and upload an application video, directly from their device. You can access the video via the usual interface in your SAP SuccessFactors system.

### SIMPLERIX video\*apply offers you:

- > **Informative applications**, even with brief CVs
- > **Cost reductions** through faster assessment of candidates before personal interviews
- > **Simple application** – mobile and flexible
- > **Seamless integration** in your own career page or SAP SuccessFactors career page

### With SIMPLERIX video\*apply you gain:

Quicker identification of suitable candidates

No tedious password entry

First class applicant experience

Strengthening of corporate image

Numerous options for placing
